

## **Sep. China Garlic export price forecast.-Sep.12th 2018**

Nowadays the price of the China fresh garlic raw materials are firm. but the container price is increased because the shortage of packing operators. Normally the operators is come from the packing house nearby villager, who are full time preparing the plant of Chilli/Peper/Cotton..in the end of Sep. there will start the plant of new Garlic, all of this makes the labor cost increased rapidly..This emergency situations will finished by the end of Oct.

The 2018 China fresh garlic are all storage in the refrigeration house. all the owner are looking forward the price since the market is firm. At the same time our Pioneer Garlic Gourp exist three cold storage for enough space for all of the world garlic supply.
